CAREER OBJECTIVE

Software engineering student with a focus on scalable web applications and system design. Experienced in building end-to-end platforms like GovAssist and AI-driven tools, with a strong foundation in Python, Java, and SQL. Proven track record of optimizing workflows through technical problem-solving and full-stack project delivery.

TECHNICAL SKILLS

C, Java, Python, HTML, CSS, JavaScript, MySQL, VS Code, MS Excel, Machine Learning, AI, Windows, Linux, Data Structures and Algorithms, Agile Methodologies, RESTful APIs, Git, PyTorch, Deep Learning Frameworks, Database Management

Soft Skills: Communication, Teamwork, Time Management, Problem Solving, Decision-making

INTERNSHIPS

Artificial Intelligence Intern – GlobeSci Technologies Pvt Ltd Dec 2024 – Dec 2024

- Engineered an end-to-end AI Resume Analyzer using Python and NLP techniques, automating data preprocessing and feature extraction to reduce manual screening time by 40%.
- Developed and deployed an NLP-based scoring system, processing 500+ resumes to match candidates with job requirements with 85% accuracy.

Cloud Computing – DLK Solutions Pvt Ltd 06 June – 20 June 2025

- Gained hands-on experience in cloud concepts and deployment fundamentals, including working with AWS and Docker to containerize and deploy applications.

EDUCATION

Panimalar Engineering College 2027

Bachelor of Engineering / Technology – Computer Science and Engineering

CGPA: 8.6/10

Sishya Matric Hr.Sec School 2023

Class XII – State

Percentage: 86%

Sishya Matric Hr.Sec School 2020

Class X – State

Percentage: All PASS

CERTIFICATIONS

Oracle Certified Professional – Oracle University

Java and Machine Learning Certification – NPTEL

PROJECTS

AI Resume Analyzer

- Built an AI-powered system using Python and NLP to parse, evaluate, and score resumes, processing 500+ documents with 85% matching accuracy and providing personalized feedback aligned with job requirements.

GovAssist – One-stop Hub for Scheme Discovery

- Built a user-friendly platform enabling users to efficiently discover and access relevant government schemes.
